

Keyboard Shortcuts for your MacBook

Here is a list of my favorite keyboard shortcuts:

Keys to press	What it does
Command-C	Copy text or photos
Command-V	Paste text or photos
Command-T	Open up a new tab while using Safari
Command-N	Open up a new window while using Safari
Command-W	Close a program
Command-Shift-3	Take a screenshot. The picture will be saved to your desktop.
Command-Shift-4	Take a screenshot, but allows selection of what part of screen
